Objections to 3rd energy application

Flamingo Land is very supportive of any initiatives which result in job creation, especially local employment.

We have engaged with 3rd Energy directly and the villagers of Kirby Misperton to get a feel for the arguments on both sides, but much of the scientific debate is outside our skills-set.

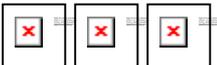

The Company feels that the Anti-fracking' campaign is lacking in tangible evidence and/or case studies from scenarios which back-up their arguments. Most of the provided information is subjective and emotional. The main concern we do have, however, is future connected planning applications. We realise that the Planning Committee can only consider one application at a time and judge it on its own merits, but our concern is related to what the Master Plan may be for fracking in Ryedale.

Multiple fracking sites within Ryedale would be of a massive concern to Flamingo Land. This would change our visitors perception of what a visit to Ryedale represents and would exacerbate existing traffic problems on local roads.

We understand that 'future proofing' the current 'Planning Application' from hypothetical new ones that may follow is an impossibility but, we would request that our concerns are put 'on the record'.

Yours sincerely

[REDACTED]
Chief Executive

COMPANY INFORMATION Flamingo Land is a trading name of Flamingo Land Limited and Flamingo Land Resort Limited Flamingo Land Limited is a limited company registered in Scotland with registered number SC052543 and VAT registered number 262736059.
